## ABOUT ME

Experienced Front-End Developer with expertise in building dynamic and responsive web applications using React.js. Skilled in implementing modern UI/UX principles, optimizing performance, and delivering seamless user experiences. Proficient in collaborating with cross-functional teams to meet project goals efficiently.

## EDUCATION

### SAVITRIBAI PHULE PUNE UNIVERSITY

Engineering

2022

### CLASS XII

Jijamata Junior College of Science

2016

## SKILL

- HTML
- React.js
- Tailwindcss
- GraphQL
- CSS
- Redux
- Firebase
- Javascript
- communication
- RestAPI

## WORK EXPERIENCE

### Tech Erudite – React.js Developer

2024–NOW

Collaborated with cross-functional teams to design and implement user interface enhancements, resulting in improved website functionality and overall user engagement.

- Conducted comprehensive testing and debugging of front-end code to identify and resolve issues efficiently, ensuring high-quality and error-free web applications. Utilized Git for version control, maintaining a well-documented and organized codebase to streamline team collaboration.
- Implemented GraphQL integrations to retrieve and display dynamic data, facilitating smooth interaction between the front-end and back-end systems.
- Assisted in the development and implementation of responsive design strategies using Tailwind CSS, optimizing website layouts for seamless performance across various devices and screen sizes. Focused on delivering intuitive and visually appealing user interfaces aligned with modern design principles.

### optiphoenix–Jr. Front End Developer

03/2023 – 4/2024

Developed interactive and responsive webpages using HTML, CSS, and JavaScript, ensuring optimal user experience and accessibility.

- Developed reusable components in React.js to streamline the development process and maintain consistency across web applications.
- Collaborated with designers to translate wireframes and mockups into interactive, pixel-perfect user interfaces.
- Integrated APIs to fetch and display dynamic data, ensuring seamless communication between the front-end and back-end.

### Digikull – intern Front-end developer

08/2022 – 10/2023

- Collaborated with the development team to build and enhance responsive web applications using React.js, HTML, CSS, and JavaScript.
- Designed and implemented user-friendly interfaces while ensuring cross-browser compatibility and performance optimization.
- Assisted in debugging and resolving UI/UX issues, contributing to a seamless user experience.
- Gained hands-on experience in agile methodologies and participated in code reviews to improve code quality.
